**CLOSE, BUT NOT EXACTLY** what you are looking for? Don't worry. Each system is built to order. We like to call it "Customization at no extra cost". You are not paying a surcharge for customizing of a standard product. All you pay for is what you add. Our production system has been specially designed to handle custom systems. Tell your sales representative what you want. We'll have a quote out to you right away.

**APPROVAL DRAWINGS**  
Approval drawings are available for each system. We encourage it. You get to review the system before we build it. Request them with the order.
